

HUMIDITY SENSOR

Monitor humidity levels

The WSG Wireless Humidity Sensor is designed to work exclusively with the Sensaphone WSG30. This sensor includes a built-in radio transmitter and humidity sensor element for monitoring humidity wherever the device is installed. The sensor comes with two AA alkaline batteries which will power the sensor for up to two years. An optional plug-in power supply is available. The batteries then become a backup if main AC power fails.

TECH SPECS

Name	Humidity Sensor
Operating Temperature	32° to 122°F 0° to 50°C
Humidity	0 to 95% (± 3% accuracy from 20 to 80%, ±5% otherwise)
Wireless Range	300' 90m
Connection	Wireless
Housing	Plastic
Dimensions	3.1 x 3.9 x 1.1" 79 x 99 x 28mm
Sensor Series	WSG Wireless

All specifications subject to change without notice

Product Name	Part Number
WSG Wireless Humidity Sensor	FGD-WSG30-HUM
