# INDOOR POWER FAILURE SENSOR

## Power outage monitoring

This Wireless Power Failure sensor is designed to work exclusively with the Sensaphone 2800. The sensor includes a built-in radio transmitter, three AAA alkaline batteries and a wall plug in power supply. The sensor will detect a loss of power at the outlet where the power supply is attached. The batteries will power the sensor and allow it to transmit alarm information in the event that 120VAC power fails.
