2800 INDOOR REPEATER

Increase wireless distance

The wireless repeater allows a greater distance between wireless sensors and the Sensaphone 2800. It contains a more powerful radio transceiver which can transmit up to 300' indoors and up to 4,000' (line-of-sight). Only one repeater can be used per Sensaphone 2800. The sensor comes with a plug-in power supply and 3 AAA alkaline batteries for back-up in the event of an AC power failure.
